

Mandatory List for OIA Companies

Mandatory List

The Mandatory List consists of products and services that must be procured exclusively from local businesses, with regular updates to its contents.

Focus Areas:

Enhancing the local market and supporting the local purchase of goods & services

Enabling the growth and competitiveness of SMEs

Fostering Economic Development & Increasing local value creation across the supply chain

High quality standards should be considered as performance will be monitored on regular basis

Made in Oman products that are not included in the list should have a 10% preference, as stated in the Procurement & Tendering Policy.

Key Implementers:

- ICV Focal Points
- Procurement & Tendering Departments
- Audit Departments
- Contract Owners
- Operation/Project Managers
- Main & Sub-Contractors

Program Objectives

Supporting the local market
of goods and services
included in the program

Giving priority to the local
market to compete for
opportunities

Supporting the local market
of goods and services
included in the program

Giving priority to the local
market to compete for
opportunities

Methodology

Supply Chain Analysis & studies

Prior to including products and services in the Mandatory List, a comprehensive supply chain analysis of the local market was conducted taking into account existing OIA studies.

01

02

Market Research

The research team ensured that there are at least 3 local suppliers/companies available in the market.

Engagement

OIA companies and key stakeholders were consulted for their inputs on the Mandatory List, in addition to requests received through **Qimam inquiry platform**, considering their feedback and suggestions.

03

04

Preparation & Planning

Research on the availability of local suppliers was conducted. Unique service categories were added to support manufacturers.

Performance Monitoring

Reporting on the implementation of the Mandatory List will be through ICV monitoring & reporting system. Thus, entities should comply accordingly.

05

06

Implementation & Effective Date

Mandatory List 4.0 will be implemented among OIA entities in Jan 2026.

Guidelines for the Mandatory List

1

The Mandatory list is a contractual component and must be extended to Contractor and Subcontractor levels.

2

OIA reviews, updates, and issues different versions of the Mandatory List on regular basis.

3

Mandatory List reporting template should be submitted to OIA ICV team on regular basis.

4

Priority shall be given to qualified local companies. If their prices exceed market rates, the company may grant them up to 18 months to align within the market range, subject to a commitment letter from the vendor. Failure to comply within the period will result in non-compliance.

5

All vendors must hold a valid and compliant Omanization certificate issued by the Ministry of Labor (MoL) in order to participate.

6

Priority should be given to Made in Oman Products as per the Procurement & Tendering policy .

7

If an exemption is required, an official request shall be raised as per Procurement and Tendering Policy.

8

OIA reserves the right to review prices of products and services. Should the cost of any product or service increase, it will be removed from the list.

9

Products labeled as “Made in Oman” shall be strictly limited to goods holding a valid “Made in Oman” certificate.

10

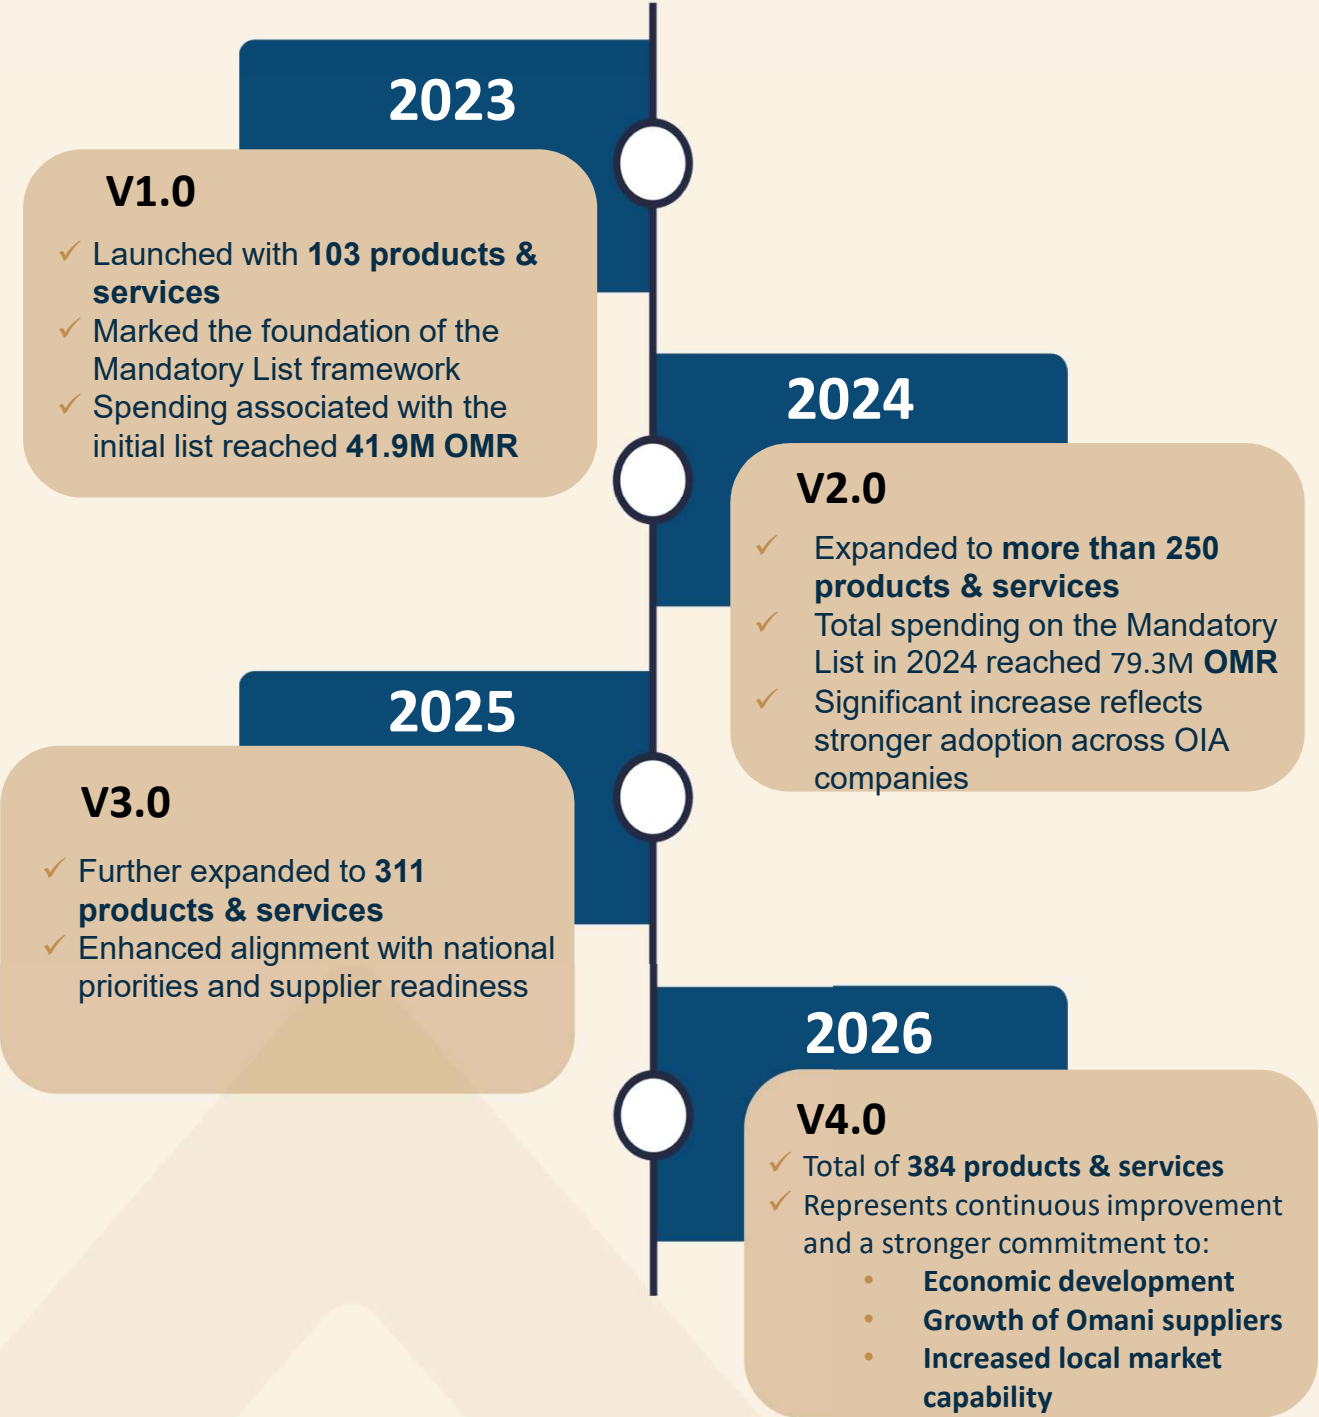

Mandatory List 4.0 will be implemented starting from January 2026.

11

To propose a new product or service, submit your request via [Qimam inquiries platform](#), listing three suppliers. Submissions will be reviewed according to established procedures
